Volume 1

Class of '81

The headlines are taken from the song "We are Many, We are One." The song was partially written in **Madison** in 1978, while Cast E/Up With People was staging at NFJC.

We Fought for Our Dignity Fought for Our Place.

As we walked the halls, there were so many stories mirrored in people's faces. There was happiness, sadness, excitement, and disappointment. Perhaps the most fulfilling story in our faces was the pride of being a Cowboy.

With everything new, the competition was keen but leaders emerged everywhere. No position was guaranteed anyone so we worked, competed, struggled for our recognition. Old loyalties did not die easy. It took courage and caring to move us through the disappointments and difficulties.

Midst the competition among us was the needed cooperative effort to prove to other schools, our opponents in sports, and to our community that it's "great to be a Cowboy." We built our pride and backed it with our actions.

Valerie Gee celebrating our first victory at the dance in the old MHS gym. 5. Missing the bus was no fun for Sharon Bass. 6. Marco Pursley fought hard to keep his position as running back.

We were people with many backgrounds — people who liked sports and those who didn't. Some were outgoing, some were shy. Some liked music, others didn't. Everyone excelled at different things. We did well in math and not so well in English. We might have done well in Chemistry and not so well in Law Studies or American History, but through it all we united. In our first year at Madison County High School, we were all brothers and sisters whether from Cherry Lake, Greenville, Lee, Madison, or Pinetta and we all stood together as one.

We're Rushing Together Like Never Before.

Copyright © 1978 by Up With People

There are only 27 miles between Greenville and Lee. Madison, Pinetta, and Cherry Lake are somewhere in between; yet we seemed worlds apart. Different views, different opinions, different rivalries and even our Friday nights brought different ways of "partying." Then on September 2, 1980, we found ourselves together. We always seemed to be on Highway 90 rushing to or from some school event we shared.

Ronald Reagan was elected President. John Lennon was murdered. The hostages in Iran were held for over a year, but what did we talk about most? "Designer jeans are \$38!" "Hamburger is \$1.89 at IGA." "Wendell Norris really has a Firebird?" "You got your term paper to Mr. Christmas at 6:35 P.M.?" "Willie's field goal won the game against Blountstown." "I knew it was Kristen who shot J.R. all along." "Clarence Demps won first place in the talent show for singing 'Still'."

Someday, Somewhere We'll Discover

Copyright © 1978 by Up With People

There were confrontations on who was best at what. We had problems with newspaper articles and sports announcers giving us the wrong school title and mascot. But through it all we stood together and discovered that we had to take care of each other because if we didn't there would be no winning teams, cheerleader squads, band, or clubs. In short, there would be no Madison County High School at all.

That We'll Have to Take Care of Each Other.

GINA BRASWELL, Valedictorian

Uniquely, there are many keys to success. Putting God first in your life, hard work, and striving to be the best you can are some of the most significant keys to achieving our goals in life.

Along our pathways, we will meet many rewards and disappointments. For the disappointments, we've got to get back up, dust ourselves off, and try again. For the rewards, we have to remember to let others do the honors. If you have to pat yourself on the back, then it's not worth patting.

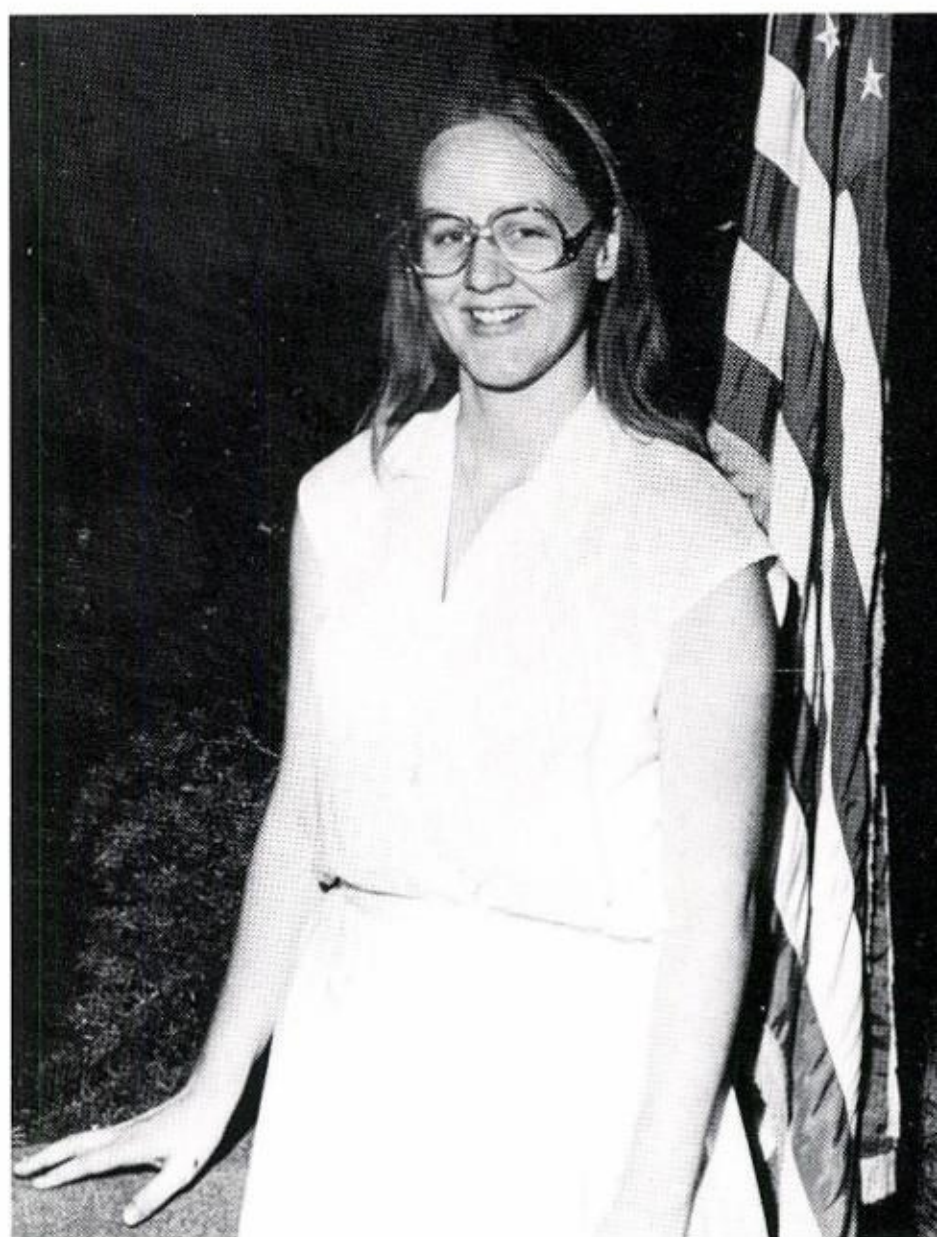

As we go our separate ways, let us just remember that through constant prayer and by God's loving guidance, we can succeed and achieve our desires and goals.

— Gina Braswell

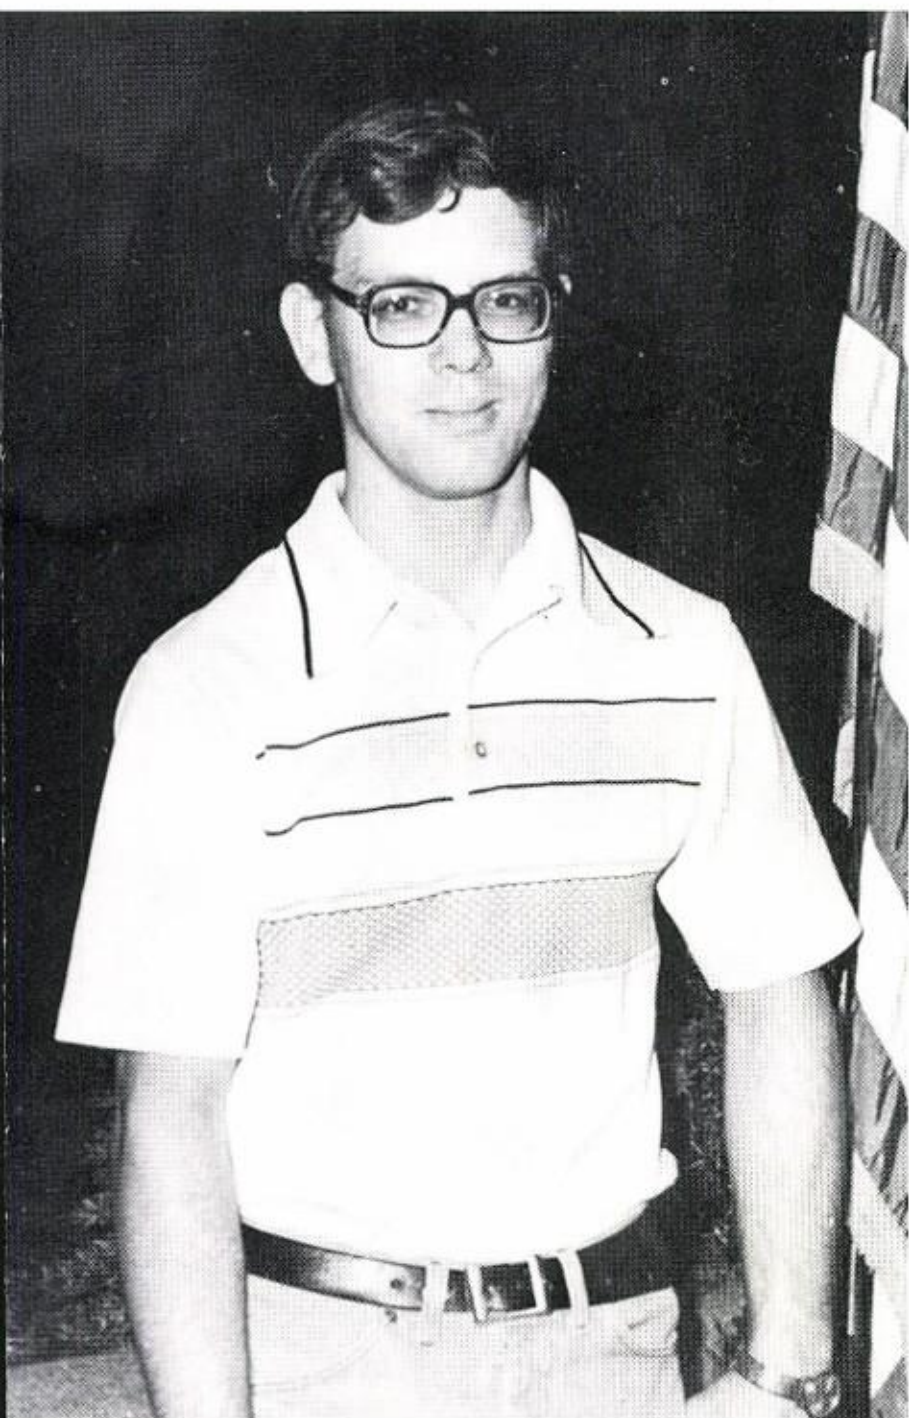

The Class of '81 has shone through our years of high school. We are a very talented class with great potential. It is up to each one of us to use our talents to their fullest. If we do so, not only will we as individuals benefit, but the Class of '81 will always be in the limelight. Good luck in the future, and may all your dreams come true.

— Tracy Revels

Seven Seniors Honored as Outstanding

Service to the school, outstanding contributions and ability in one or more activities at Madison County High School, and scholarship were the criteria used in the selection of outstanding seniors. The faculty and the senior class voted for ten seniors who they thought should be recognized for the above qualities. The seniors

who appeared on both lists were selected as the most outstanding seniors in their class. Seniors who appeared on either the faculty's or the senior's list were given honorable mention. We gratefully acknowledge their contributions to our lives at MCHS.

Leaders of '81

Eight seniors were honored by receiving special awards in the fields of citizenship, leadership, athletics, scholarship, and journalism.

The most outstanding citizen of the senior class was awarded the Rotary Citizenship Cup. Eileen Biernacki was the recipient of this honor. Eileen dedicated so much of her time to make the first year at MCHS a success that she also received the Student Council Award. The DAR Citizenship Award was presented to Chiquita Haynes. The Danforth "I Dare You" Award went to John Page and Vicky Donaldson.

Ken Davis was selected to be the recipient of the first MCHS Leadership Award.

Rocky Kinsey honored MCHS by being awarded a full football scholarship to Florida State University.

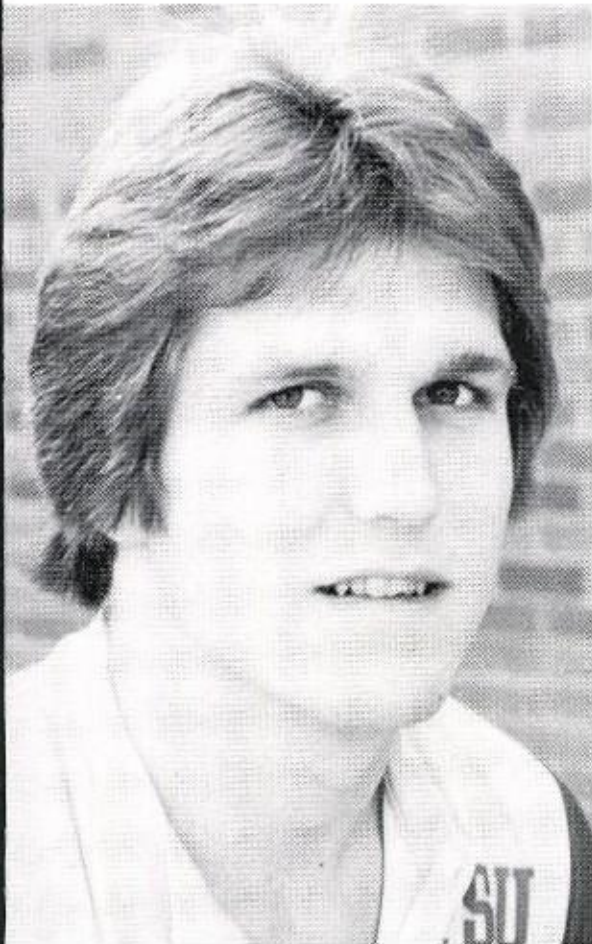

Kathryn Rowe was the first student at MCHS to be a National Merit finalist.

The Susan Selman Award for excellence in journalism was received by Mike Money.

1981 Seniors Went All the Way

Rock-a-thon, senior play, Grad Nite, and the senior trip ... Wow, what an exciting year! Yes, the Class of '81 went after everything. An "X" was marked on May 1 of 94 seniors' calendars. Grad Nite started the week off right as MCHS seniors strutted down the streets of Walt Disney World, while the sounds of the Sister Sledge and other singing stars flowed through their minds. Ten days of rest followed, but on Monday, May 11, at 3 o'clock in the morning, they were off to the Bahamas. Forty-three seniors experienced the thrills of a lifetime. Disco dances, shopping, talent show, swimming at Paradise Beach, and delicious dinners were among the thrills.

Before these memorable moments took place, the seniors had to come up with the necessary funds. All of our "old timers" seniors were in their rockers in the fall, rocking in the amount they needed. On April 17 the seniors participated in the senior play, "Skinned Alive."

Seniors:

- 1) **What is the most important thing in your life at the present time?** The most important thing in my life at this time is graduating and working in a florist shop. After working a few years, I hope to settle down, but, who knows, things might change. — **Tracy Morgan**
- 2) **If you could give \$1,000,000 away, who would you give it to? Why?** I would give some of it to CARE because people need food, clothing, help, and love. — **Debra Hodge**
- 3) **If you had one wish what would it be?** That everyone has a life full of love and happiness and everybody goes to heaven. — **DeVerta Evans**
- 4) **What is your favorite periodical (newspaper, magazine)?** *Ebony* and *Time*. — **Marilyn Smith**
- 5) **Why do you think friends are important?** Friends are important because not everyone has a lover or a boyfriend to always confide in. Friends are also nice just to have around you. You can always do things together and be crazy together. Friends are great to have around because they're friends and you don't have to worry about them breaking your heart or hurting your feelings. Friends are important because they're FRIENDS. — **LaVonda Donaldson**
- 6) **If you were president, what would you do to better the world?** Solve the inflation problem and set up a better taxation program. Also, I would cut down on some of this unnecessary intervention in these big corporations such as Chrysler, and I would stop the little countries, such as Iran, from pushing around the USA. — **Chris McFarland**
- 7) **What is the basic ingredient that holds the MCHS school body together?** The friendship and love that comes from being together in all our sports activities and clubs. But most of all, because we're only human. — **Angie Peterson**

Sophomores:

- 1) **What is the most important thing in your life at the present time?** My family and Jerome. — **Toni Anderson**
- 2) **If you could give \$1,000,000 away, who would you give it to? and Why?** I would give it to MCHS so they could buy coke and snack machines for the students. — **Judy Willoughby**
- 3) **If you had one wish, what would it be?** To bring peace to the world. — **Melanie Reaves**
- 4) **What is your favorite periodical (newspaper, magazine)?** *Race Cars*. — **Dale Hagan**
- 5) **Why do you think friends are important?** To have someone to share your secrets and help while you're in trouble. — **Evelyn Butler**
- 6) **If you were president, what would you do to better the world?** Try to make peace with everyone. — **Leila Sevor**
- 7) **What is the basic ingredient that holds the MCHS school body together?** Friendships, prayers, and a roll of scotch tape. — **Pattie Davis**

Thoughts On . . .

Juniors:

- 1) **What is the most important thing in your life at the present time?** My girlfriend. — **Mike Hicks**
- 2) **If you could give \$1,000,000 away, who would you give it to? Why?** My mother because I love her. — **Carl Dopson**
- 3) **If you had one wish, what would it be?** If I had one wish it would be for the whole world to be rich, but for me to be the richest. — **Sandra Walden**
- 4) **What is your favorite periodical (newspaper, magazine)?** *TEEN* magazine. — **Teena Carver**
- 5) **Why do you think friends are important?** Friends are important to me because there are times you have things to say that only someone you trust can hear. — **Wanda Waring**
- 6) **If you were president, what would you do to better the world?** I'd start in my own country first by asking American citizens to turn back to God and pray more for conditions to get better all over the world, and I would pray for myself. — **Lafrenchee Butler**
- 7) **What is the basic ingredient that holds the MCHS school body together?** Friendship. — **Tammy Harville**

Freshmen:

- 1) **What is the most important thing in your life at the present time?** Having a girlfriend to love. — **Pierre Kornegay**
- 2) **If you could give \$1,000,000 away, who would you give it to? Why?** Give it to charity because they need the money. — **Cookie Dasher**
- 3) **If you had one wish, what would it be?** To get out of school. — **Darlene Willoughby**
- 4) **What is your favorite periodical (newspaper, magazine)?** *Sports Illustrated* — **Mark Morrison**
- 5) **Why do you think friends are important?** If you didn't have friends, who would you share your problems and joys with? Where would you be without friends? Not far I think. — **Lynn Moncrief**
- 6) **If you were president, what would you do to better the world?** Try to bring peace and happiness to the world. — **Ludie Porter**
- 7) **What is the basic ingredient that holds MCHS together?** Friendship and showing that you care for one another. — **Angela Burnette**

FBLA — Promotes Free Enterprise

All "pepped up" and ready to go, the Madison County High Future Business Leaders of America started off the 1980-81 school year by attending the District III Rally in Gainesville. In November they made their yearly visit to the Happy Rest Home where they carried "Love" baskets along with a cheerful word and a bright smile to each resident. Their main money making project was the sale of Tom Watt kit items with total sales of over \$3,000. In February they sponsored a delightful Valentine's Party for the faculty of MCHS. They also traveled to Palatka to attend the District III FBLA Leadership Conference in which they had six participants. They were as follows: Renae Penny — Public Speaking; Karen A. Williams — Business Communications; Darleen Rutherford — Clerk Typist I; Pam Kelley — Clerk Typist II; Chiquita Haynes and Shelley Rooney — Accounting. In April Renae Penny, Betsy Quick, Darleen Rutherford, and Mrs. Ann Brummitt, advisor, attended the State FBLA Leadership Conference in Orlando. They ended their year with a lunch for the members at Stone Fox.

FHA — Toward New Horizons

"Toward New Horizons" is the motto of the Future Homemakers of America, and it well describes the organization — Always working today to build a better tomorrow.

On September 1 they conducted a road block for Muscular Dystrophy. In October they installed Officers. In November the MCHS FHA Chapter hosted the District III Meeting with Renae Penny, a State Officer, presiding. In December they made their annual visit to the TMR school in Jasper to provide a delicious party to the students there. January brought about the beginning of their Community Involvement Project entitled "Helping Every Local Person." Proficiency Events Competition was held in February; Madison placed first in three out of the four events they entered. In April they attended State Convention in Orlando where they brought home several State Awards. They finished their very busy year with a banquet for the members and their parents.

Carpentry Class Keeps Busy

1.

2.

3.

The Carpentry Class started off the new year with a new beginning. The students put their skills to use every chance they had. They built benches around the school for the use of the students. The picnic tables were built for the lunchroom patio. Also built was a lectern and a ticket booth for the gymnasium. They also constructed cabinets for the Florida First National Bank and a sign for the MCHS entrance. The Carpentry Class has kept busy this year.

Two, Four, Six, Eight, the Cowboys Are Really Great

"Yee-haw! Yee Haw! break it up! Break it up?" This is what most people think when they hear the word cheerleading. Leading cheers is important, but encouraging spirit, the main job of the cheerleaders, is more than this.

When asked what spirit was to the cheerleaders, one said, "It's enthusiasm, showing pride in our team, and backing our school 100%."

For the MCHS cheerleaders, it was Monday afternoons when they spent hours of hard practice working on pom pom routines, cheers, and chants. Their hard work and discipline paid off as they performed and as they competed.

At the National Cheerleading Association (N.C.A.) in Mobile, Alabama, they won four Superior ribbons, the Spirit Stick, and were nominated for the Merit Award. When they went to Orlando to the United States Cheerleading Association Competition (U.S.C.A.), they came back third in the state.

The Peppy J.V. Cheerleaders

When asked, "What is the job of a J.V. cheerleader?" J.V. cheerleader Ludie Porter replied, "We're there to support the team when they're down and to show the team we have confidence in them."

Ludie was also asked how she felt whenever they hit a high point, when the game is going well and we're winning. She said that she felt "excited, happy, and proud" that our team was winning.

The J.V. squad went to two competitions this year. They went to cheerleading camp at Mobile, Alabama, where they rated "Superior," and state-wide competition in Orlando, where they placed third in the state.

When you hear the J.V. cheerleaders saying, "This is Cowboy territory, beware!" they mean it.

Pencils, Canvas, and Paint

The Art Club, headed by Mrs. Debe Scott, was started late in the school year; however, the Club was a very successful one. They participated in NFJC's Springtime Art Festival, and won 8 awards. They sponsored an Elementary Art Contest in conjunction with the National Youth Art Month in March. They also participated in the Youth Art Symposium, and they had an arts and crafts show in which they sold their work to raise funds for the club.

Students had a chance to show their talent by exhibitions at the Bank of Madison and in the showcases at school.

Promoting Christian Fellowship

FCA, under the direction of Mrs. Buchanan and Mr. Selman, promoted and challenged MCHS students to Christian fellowship. They participated in the Special Olympics for the mentally retarded kids, planted a rose garden on campus, and kept the lunchroom patio clean. They were in charge of the National Anthem and invocation at all of the home basketball games.

Spreading the "Good News"

The Christian Student Union, under the direction of Mrs. Argenbright, was for students who wished to be part of a Christian worship group. They held morning devotions at break in Mrs. Argenbright's room. They took turns having the devotion and mainly just enjoyed being together in God. They had a speaker for the Christmas program and special music. They were very active and reached many of their goals in spreading the "Good News."

The Marching Picaros

With perfection their number one goal, the MCHS band put in a year of hard work and travel. Each home game was not complete without this group filling the air with their music. All of football season the band marched in their Picaro jerseys and jeans but at the St. Pete Invitation they stepped out proudly in their maroon and white uniforms with maroon hats.

Uniquely, this group of students had many rewards during the year. After receiving a superior at the District III Marching Contest, the band traveled to St. Petersburg to participate in the Tournament of Bands where they placed 3rd in parade competition, Silver Division. They also attended the District III Concert Contest where they received a straight superior on stage. They played in many parades among which were Homecoming, Special Olympics, and Springtime Tallahassee. To end their year they had a banquet for the members and their parents.

The Talented Special Performers

The Jazz Band provided many hours of entertainment for the students and faculty at MCHS. They put on performances in the gymnasium and on the lunch room patio. The Jazz Band played in NFJC's production of Camelot. They also went to Tallahassee and performed in the malls.

MCHS had six majorettes and a Drill Team. They twirled their batons and flags in many activities that went on around the school. They marched in the Homecoming Parade and in the Springtime Tallahassee Parade. The Drill Team and Majorettes participated in the half-time activities at the football games.

Music's in the air

Walking Blues, I Believe, I Write the Songs, and Would You could be heard throughout the halls as you approached the chorus room. These songs and many others were enjoyed by the school and the community.

The chorus performed at various churches in the community, on the M. S. Telethon at W.E.C.A. Channel 27, at Governor's Square Mall in Tallahassee, in the school Christmas program, and at Greenville and Madison Middle Schools. They participated in North Florida Junior College's production of *Camelot* and performed at graduation.

Kings, Queens, Knights and Pawns. . .

The Chess Club participated in Homecoming with Kayla Moore as the club queen. Along with the help of its 62 members, they wrote and developed a Chess Club skit entitled "Chessie James." A chess clinic was held twice with a fair turnout; however, due to the time crunch, the chess tournament had to be cancelled. Corresponding with the chess quizzes, its main tactics were to improve one's game. The Chess Club was indeed successful and everyone's looking forward to another year of chess!

Betas Learn What Work Is

Students obtaining an average of 3.0 or higher received the privilege of joining the Beta Club. The club was very active and participated in many events. For example, they had a bake sale, a blood drive, and collected cans and newspapers for recycling. They also represented MCHS in the Beta Bowl. Betas not only attended the State Convention, but also hosted a district meeting! So if you'd like to become a Beta Rat, up-your-average and join THE BRAINS!

Library Council: Their World Is Books

Moving and arranging all those books in a new library was no easy task, but the members of the Library Council tackled their job with enthusiasm. We Have Dreams

The Black History Club of MCHS was determined to explore the roots of their Afro-American heritage. Three of the main events on their agenda were a trip to Florida A&M University's Black Archives, a trip to FSU to hear Dick Gregory's speech on Black History, and a program by the Black History Club for the student body during Black History Week which was February 19-23. Although the year was busy, each event contributed to making the Black History Club a success.

Silver Lariat Keeps MCHS Informed

Haven't heard the latest news? Not sure if what you heard was true? You want accurate data? Well, the Silver Lariat was the best source of MCHS's latest happenings if you missed the thrill of experiencing it in person. The staff members contributed many hours of hard work and stayed after school daily to provide us with such vital information.

Macohi, Strives to Be Successful

"People, I want the pictures and copy in my hot little hands!" "No, it's not right, redo it," along with the chronic threat of lowering grades — these were the screams and shouts received from our well-organized sponsors. Staff members sold tee-shirts and \$6,200 of ads to help pay for the annual. Through the many hours of hard work and dedication put into recording "Cowboy History," they were always prompt in meeting their deadlines "no matter how L-O-N-G it took!"

1. "Oh God, where is that picture, Shawn?" asks Cheri frantically. 2. Stormy loves Marilyn's suggestion for her layout. 3. Farmers of Tomorrow

"Never before have so few fed so many for so little — The American Farmer." Under the supervision of Mr. Gene Stokes and Mr. Ernest Washington, the Madison County High Chapter Future Farmers of America worked hard to ensure that they would indeed be Farmers of Tomorrow. On October 2, the FFA traveled to O'Lena State Park to participate in the Forestry Field Day. Their next event, Sub District Competition, was held in Mayo where they placed 1st in Tractor Driving and 2nd in Parliamentary Procedure. On June 16, they placed third in Tractor Driving at the Regional Contest in Wakulla. Their next excursion was to Ocala to enter the State Land Judging where they came home winless, but with much gained experience.

Student Council Gets Things Done

Starting the year off right, Student Council members served "Welcoming Refreshments" to the teachers on their first day back to school. In October they attended the District Workshop in Crestview; they also planned all the Homecoming activities such as: the parade, dance, Coronation, Voting, etc. In December, they sponsored the "Can Good" drive to make baskets for needy families at Christmas. They traveled to their District Meeting in Tallahassee in January followed by their District Convention in Pensacola in March. Student Council Elections were held in April, and members ended the year by attending State Convention in Orlando in May.

Varsity Breaks Even

Was it a winning season? It certainly wasn't a losing season. The Cowboys finished 5-5 with some very close games in the loss column.

In the Oct. 20 game with #1 ranked Leon, the Cowboys managed to hold Leon to 13 points. The Lions were leading 13-0 at the half, but in the 3rd quarter the Cowboys came back to close the gap to 13-7.

There was also a close game in the win column. The Blountstown game proved that the Cowboys could come from behind. With only 40 seconds remaining in the game, Willie Williams kicked a 37-yard field goal that gave MCHS a 30-28 victory against Blountstown. At the half, the Tigers were leading 20-0, but the Cowboys retaliated in the 3rd quarter with 21 points.

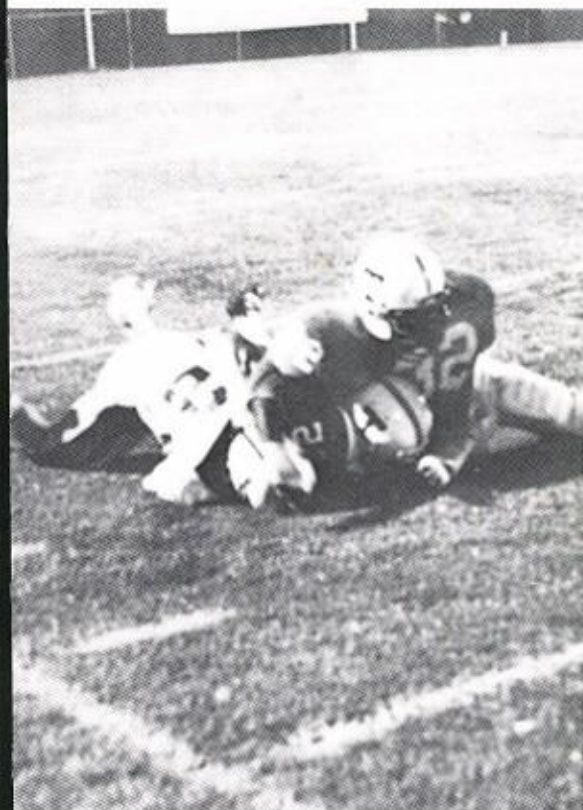

The 5-5 record says break even, but the Cowboys are winners!

Inexperience Slows Jayvees

Third-game fans eagerly cheered Roosevelt Humphrey and Lawrence Haynes as they ran for Cowboy touchdowns, and the inexperienced Jayvees picked up a 14-0 victory over the Monticello Tigers.

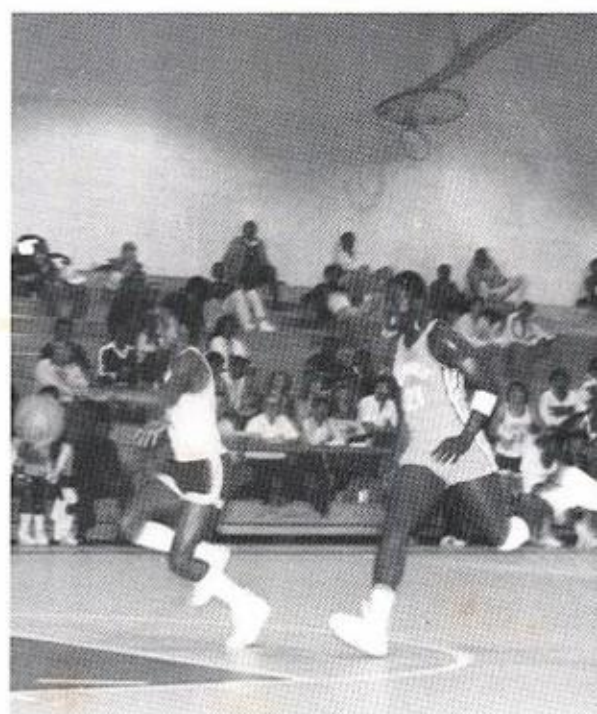

Encouraged by their most avid supporters, Coaches Wiggins and Parker, the baby Cowboys gained valuable experience in seven hard-fought games.

Determination and ability were there, but through fumbles, interceptions, and errors, the baby Cowboys' victories were limited to two, both of which were against Monticello.

Varsity Has Tough Schedule

Coached by Wiley Selman, the varsity boys experienced basketball competition on the 3A and 4A school level. To be the best, you've got to play the best, and they did. Tough competitors included Marianna, Brooks Co., Rickards, Ribault, Suwannee Co., and Quincy Shanks, all of whom have been in the top 10 rankings in the state. Playing tough teams like these, their record is certainly no indication of the team's great playing ability.

The jayvee basketball team, coached by Bill Yanossy, got off to a slow start. Problems they had to overcome included the starting of the season only a few days after football season and having only two players that played jayvee basketball last year. The rest of the team members were inexperienced. As for their ability, Coach Yanossy remarked, "They have the ability to win and the will to win, but the team concept is not being used to the fullest." The season ended well and Coach Yanossy looks forward to an even better one next year.

The 9th grade team played a separate schedule which allowed more players a chance to get experience. Coach Miller stated, "Even though they were out-manned by most other teams, they played well, played as a team, and, most of all, enjoyed playing."

Season Ends Well

The varsity girls had a hard time getting their act together. Team unity was lacking, but with lots of hard work, they finally got it together. The team was composed of a lot of young players who got a lot of experience. Losing only three graduating seniors, Coach Christmas has great expectations for a well-experienced team next year.

Good Performance Requires Practice

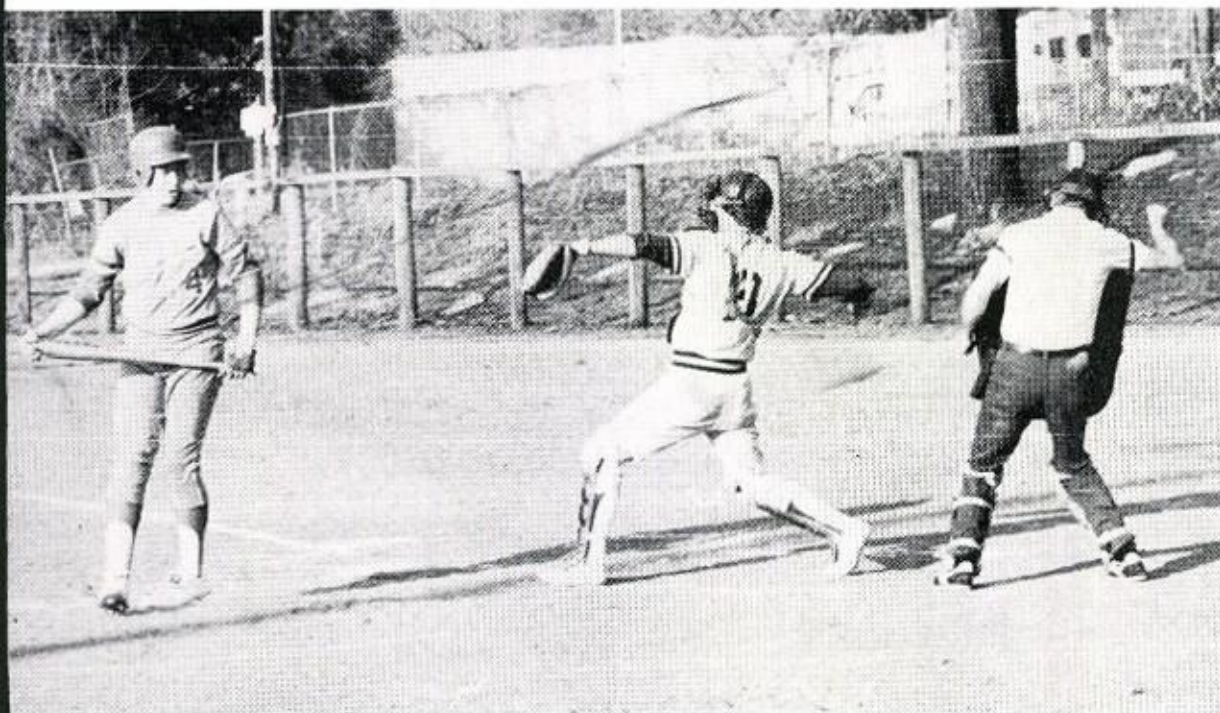

The boys' varsity baseball team had a season to be proud of, but it wasn't just handed to them. It took long hours of hard practice and determination to make the team a success. Practice lasted a couple of hours and was held every day that they didn't have a game. Gamewise, the pitching was good on defense and on offense, they hit well, and they scored well — a sure indication that their practice paid off.

Hits, Steals, and Runs

Coached by Mike Reagans, the jayvee baseball team ended with a spectacular 5-4 season. The daily practices and the previous experience of the players helped in improving the team. The team was very well-balanced, made few errors, and proved that they could compete against any team they played.

Made It to State

The Cowboy wrestling team, led by David Jonas, Marco Pursley, and Tom Bailey, did well despite what its record shows. The major weakness of the team was inexperience; eight of this year's starters were first year wrestlers. Only one member of the team, David Jonas, was a four-year wrestler. He managed to go to state and win three team points, which ranked the Cowboys #28 in the state of about 110 teams.

Sets, Smashes and Love

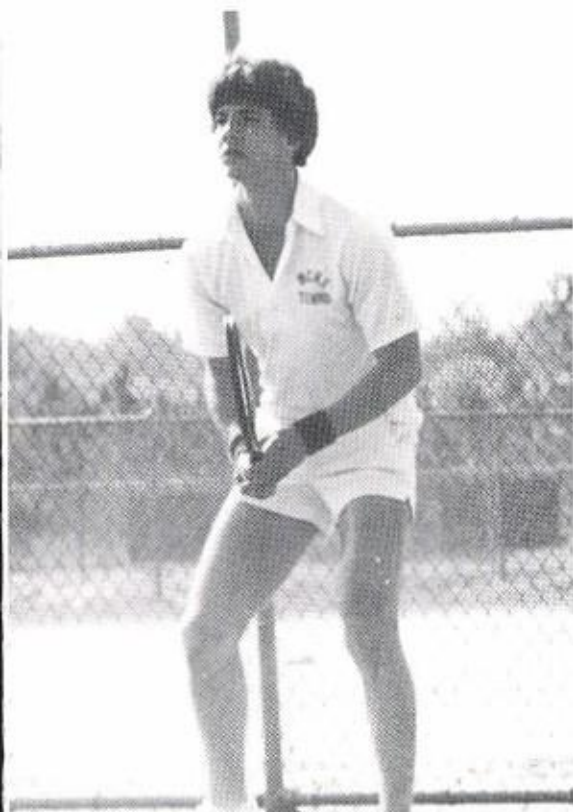

This first year has been a well-rounded year. Tennis, one of our very competitive sports, added the final touch to our sports program.

Both boys' and girls' teams laboriously worked to be ready for each match. Although the boys faced the despair of a losing season, the girls sailed away to victory with five wins. The teams, coached by Mr. Bill Yanossy, came to realize that how well you play the game is as important as your winning the game.

Enthusiastically, the tennis team traveled to Panama City on March 25-27 to compete in the sub-district tennis tournaments, where they placed fourth in overall competition. Despite not winning, the team had an enjoyable three days of watching and playing tennis.

All was not a loss, however. Experience and knowledge were gained as throughout each match each individual worked to represent MCHS as the Madison County Cowboys.

Softball, Hot dogs, and Cowboys

Softball is composed of slam hits, strike outs, foul balls, and snags. The MCHS girls' softball team did their job of performing these activities this season.

Despite having a losing season, spirit and competition was kept alive. Each game brought a new outlook of knowledge to this ten-player team game.

Coached by Mrs. Catherine Brooks, the team seemed to thrive on the energy shared by the girls as they realized that each individual effort could make the team a success, not excluding the most important factor, teamwork. Moreover, valor and practice had an everlasting effect on this first softball team. Each game came to mean a chance to show who the MCHS Cowboys were and what they were going to do.

Boys' Track Has Impressive Season

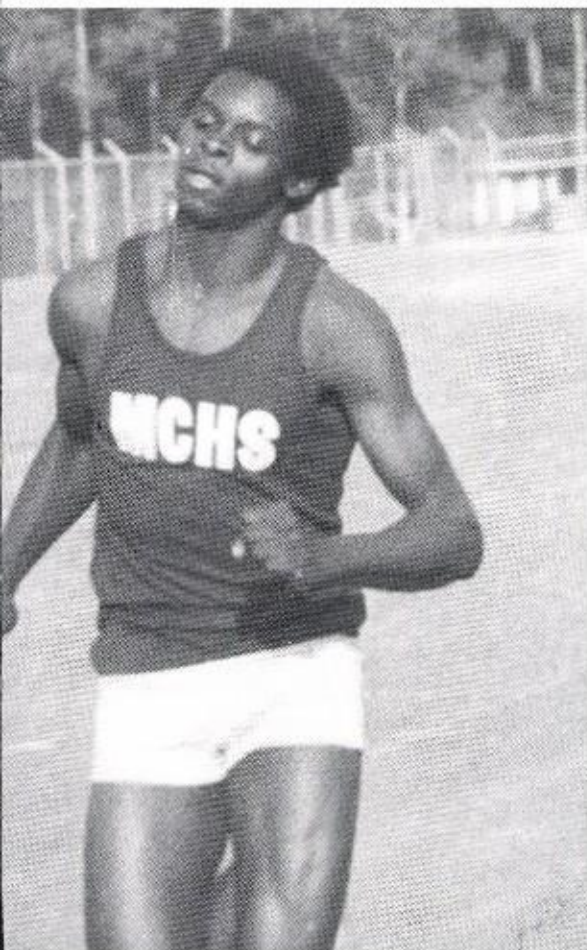

1.

Bruce Jenner? Houston McTear? No, those were not the names you heard announced as first, second, or third place winners in the 880 yard, mile medley, 100 yard dash, the 440 relay, and the discus throw.

The MCHS track team got off to a running start by beating Jasper and three other teams in one of their first meets. Each individual practiced and worked to win his competition in order to boost the team to an overall win.

Self-control, patience, practice, and teamwork brought the newly established MCHS track team to a miraculous winning season for their first year. Each meet opened new doors towards breaking school, as well as, individual records. The boys' MCHS track team truly did their best towards giving MCHS pride in the track competition.

Girls Show Endurance

In spite of a bad season, the girls' MCHS track team had a very interesting year. They competed in 19 track meets in various places. Although there were not many wins, different individuals strived to make their own records the best.

Each meet was an exhibition showing stamina and self-discipline that had been acquired through lengthy hours of practice.

"1981" may not have been the lucky year for the girls' MCHS team in the broad jump, mile, and the 880 relay, but there will always be a next year to test our capabilities again.

WE ARE

CURRICULUM

Shaft, Barney, and White Shadow

At the beginning of the 1980-81 school year, MCHS was not accredited. In October, under the leadership of the administration, the staff began the two year self-study that will lead to full accreditation.

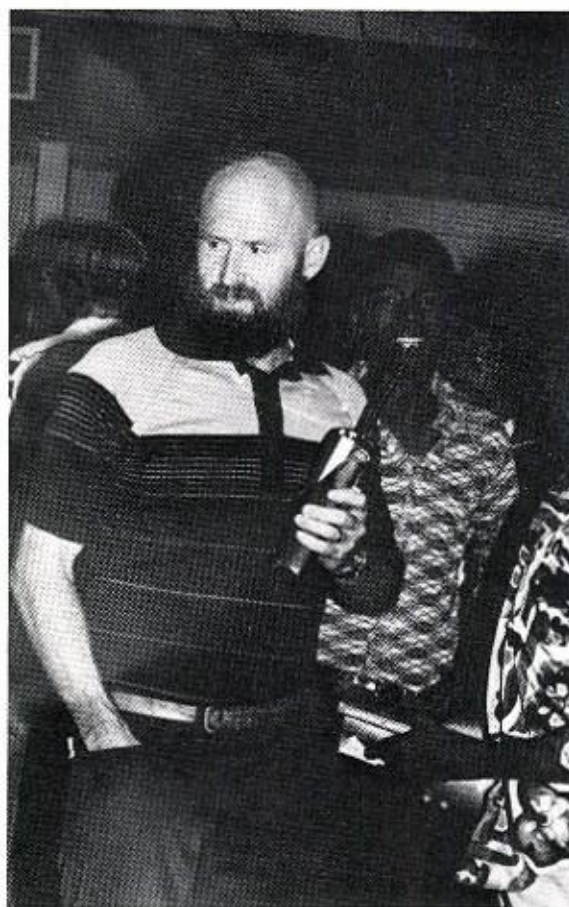

The administration worked to make the transition easier for all involved. They established the Student Advisory Committee so that students could give more input to school policies. Open House, the Christmas Carnival, talent shows, and the night classes were designed to bring the community and school closer together.

Mr. Selman was mainly assigned to the curriculum and the writing of reports. Mr. Miller, Dean of Students, was in charge of discipline and the free lunch program.

With a new mascot, new policies, new attitudes, and a combined school spirit, Mr. Ray, principal, led us through a successful year.

The library shelves did not arrive until mid-October. Once they did, Mrs. Earp and Mrs. Twiggs, with the help of student assistants, were very busy people transferring huge piles of books to the shelves. New study tables, the patio, study and discussion rooms, and listening booths added to the services offered by our Media Center.

Another addition was the Sub-Center directed by Mrs. Louise Smith. Two classes could be served at one time decreasing the need for substitutes. Also, if a teacher was out for only a part of the day, the students could go to the Center.

The office personnel are often unsung heroes. Without their services our school would come unglued. Sorting mail, keeping up with our money, checking attendance, dispensing aspirin, answering the telephones, and delivering messages were just a few of their tasks.

In our expanded facilities we even had our own clinic where Mrs. Brothers, the school nurse, could treat students.

ABC's of English

Back to the basics with reading, writing, nouns, verbs, etc. . . .

Some assignments were as simple as reading a book, while others were complicated and required a little more skill. Book reports were both fun and educational as the freshmen and sophomores drew book covers to accompany their reports.

"Faughtology," a subject no junior will ever forget, is a once-in-a-lifetime experience; providing you don't fail the first time around! Term papers for Mr. Christmas seemed to be the talk of MCHS as seniors stampeded the library or any other place to find information for their papers.

Many students discovered that nothing is obtained without sacrifice and readily found that English sets a foundation for other activities.

Science Answers Questions

The Science Department emphasized work in the laboratory this year. Biology students could usually be seen dissecting frogs or filling out lab sheets in class. By doing these and other projects, they learned about the composition of plants and animals. In turn, Anatomy and Physiology assisted in understanding the structures and functions of the world's most complex living thing — man.

Chemistry was divided into two sections: Chemistry I and Chemistry II (Organic Chemistry). Mrs. Ray provided a two-week course in basic chemistry experiments for Mr. Stokes' fifth-period science students. One project performed in this course was the testing of various brands of soap for pH. All in all, the varied science curriculum aided greatly in answering questions about the world of nature.

Math: It All Adds Up

"Did you study for the big Trig test?" "How do you do number 53?" "Oh my gosh, I forgot my homework!" These were just a few of the comments and questions overheard in the Basic Math, Algebra I and II, Trigonometry, Consumer Math, and Computer Math classes of MCHS as students met the daily challenge of math. In Computer Math, the addition of two new TRS-80 Model III Level 2 computers was an incentive to students learning how to use computers to solve algebra problems. Consumer Math showed the basics of math as used in everyday living. Whatever the course one took, all the math teachers helped their classes to develop the habit of thinking logically and rationally.

Exploring the Past and the Present

The Social Studies Department broadened its range this year with the addition of three new classes — Law Studies, Comparative Political Systems, and Florida History. The Law Studies classes were honored by being mentioned in the Florida Bar Journal. In Comparative Political Systems, students were exposed to different political and economic systems. A tour of St. Augustine helped the Florida History classes to better understand the early days of our nation's oldest town. As a special project, Florida History students staged a drama of the exciting exploration and settlement of Florida. Although these new courses were very interesting, the old "standbys," such as American History, World History, and Sociology were still around to give students a wide variety of choices.

Hard Work Pays Off

Learning by doing was the theme of the vocational classes. MCHS students of the future will enjoy the trees set out by Mr. Stokes' and Mr. Washington's classes even if they don't know who was responsible.

The benches, the rostrum in the gymnasium, the sign at the entrance of the school, and the picnic tables built by Mr. Bodenstein's classes were enjoyed by the students and were also a gift for the future.

The shop skills taught by Mr. Hendrix, whether they became a hobby or a vocation, were satisfying to his students.

Coping With Life Skills

As both boys and girls worked in the Home Ec. classes they learned to cope with life skills such as decision making and setting and reaching goals. At the same time they were taught the basic fundamentals of homemaking skills as they worked in the Food Lab and the Sewing Lab. Family Living gave an opportunity to explore successful living within the family. In the sewing and foods classes, the students were given their requirements at the beginning of each semester and given the responsibility of completing the assignments on an individual basis.

Appreciating The Arts

MCHS offered a variety of classes to students possessing unusual skills and talents. Mr. Kluball and the Picaro Guard proved their talents as they brought home trophies, were ranked superior, and were third in the State Parade competition. Mr. Cooper directed the Chorus. He also added to his responsibilities by teaching video and photography, which both captured moments we chose not to forget. Mrs. Buchanan's drama class provided many hours of entertainment for the student body. Helping students to understand the art world was Mrs. Scott. For those interested in foreign language, Mr. Bill Yanossy taught the students Spanish.

Working to the Top

For students more willing to sacrifice the little pleasures of the present moment for the greater satisfactions of tomorrow, various types of business enterprises ranging from personal money to the office were offered. These courses were designed to have values for both consumer and business use. They also developed the fundamental principles and operations faced by individuals in their daily lives.

With a minimum of teacher assistance, many students have acquired more skill and knowledge about our booming world of remote control and credit cards.

MCHS had three business teachers, Mrs. Peeples, Mrs. Pulliam, and Mrs. Brummitt. You never knew in which classroom to look for them since they changed classes each period. Students and other faculty ended up going to all business classrooms to find them.

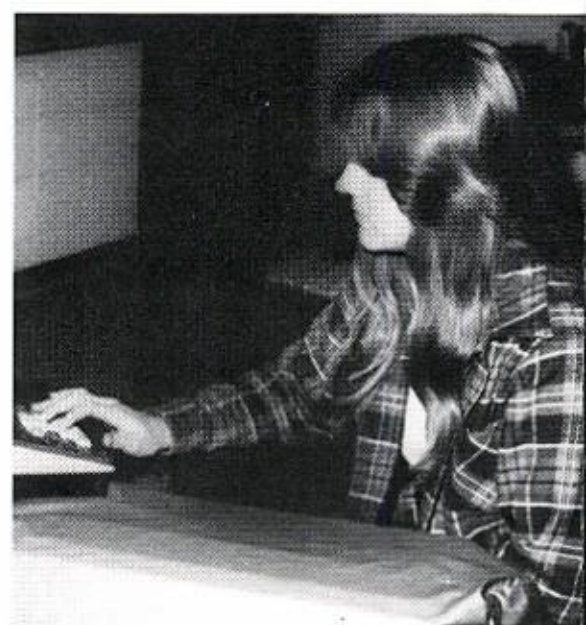

1. John and Sandra are concentrating on their record keeping assignment. 2. Willie studies the directions before he begins to type. 3. Michelle thinks business classes add up to something great. 4. Staying Heathy and Having Fun

The P.E. classes at MCHS were both fun and educational. This was the students' first year to experience Co-Educational P.E. classes. These classes were designed with a new approach to get students involved in the athletic programs.

Mrs. Miller's gymnastics and dance classes were very interesting; just imagine seeing the guys trying to be graceful!

Mrs. Benjamin's class reminded everyone of pioneer life, as the students learned to square dance. Indeed the P.E. classes were exciting and unusual; the students enjoyed every minute for preparing their bodies of a healthy future.

Mr. Koehn, Mr. Wiggins and Mr. Yanossy also guided the students through a variety of units that were entertaining and well coordinated. Just a few of them were badminton, touch football, health, volleyball, and basketball.

Guidance Lends a Helping Hand

The Guidance Office coordinated Career Day which was held on November 18, 1981. This was in observance of Career Guidance Week. Approximately 50 men and women of the area exposed MCHS students to the demands of their careers.

Counseling, schedule changing, college entrance examinations, and grant applications were part of the daily routine of Mrs. Cherry and Mrs. Tillman.

Mrs. Cherry held workshops on getting and holding jobs and financial aid for parents and students. Mrs. Tillman held workshops on exploring careers where she tried to meet all of the students and prepare them for Mrs. Cherry.

"WE'RE COMING OUT" — THE BIG EVENT!

The first Homecoming at Madison County High School was the main event of the year. The 1980 Homecoming Queen, Marilynn Smith, was crowned during the coronation ceremonies in the Madison County High School gymnasium.

Serving as members of the court were Vicky Donaldson, Senior Attendant; Karen Johnson, Junior Attendant; Tracy Davis, Sophomore Attendant; and Lisa Bell, Freshman Attendant. Tommy Moffses and Teresa Johnson sang "What the World Needs Now" for the royal entertainment.

The Queen and her class attendants represented Madison County High School in the parade Friday afternoon and at the game that night.

Homecoming

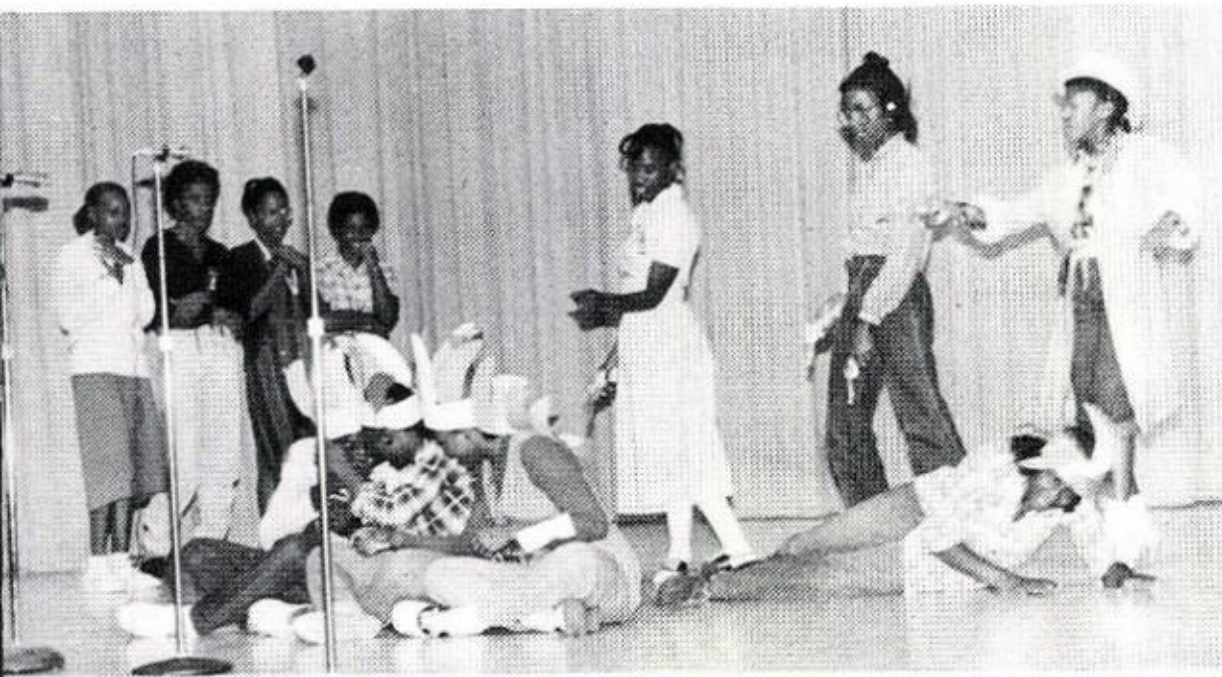

— Fun-Filled Days

Oh, what an exciting week — five fun-filled days of excitement! Each and every day was a thrilling event for the student at MCHS.

Homecoming activities began October 27 with Fifties and Skit Day. Kiddy Day was observed October 28 with students dressing as children. October 28 was Switch Around Day. October 30 was Hobo Day. That night the annual snake dance began at the Court House and proceeded to the bowl where the bonfire was held.

The mighty Cowboys went on to win a victory over the Rickards Redskins with a score of 6-0 Friday night, October 31, 1980. Following the game, there was a costume party at Skateland.

Homecoming events ended Saturday night with a dance in the MHS gym.

Tests, Rings and Planning Sessions

There are some events that are special and don't fit into any particular category.

State Assessment Tests, class rings, and planning sessions with Mr. Ray were some of those events that took place this year.

The long hours of studying and hard work really paid off for the juniors and seniors at MCHS. Ninety eight percent of the juniors and seniors passed the reading and writing skills and sixty eight percent passed the math skills.

Two years ago Madison County scored the very lowest in the state, but from hard work and studying, the juniors and seniors turned the scores around. Mr. Ralph Turlington, Commissioner of Education, used Madison County throughout the United States as an example of how a school can improve on the Statewide Assessment Test.

"Come and go with me." "Where am I going, you ask." "Why, May 30 I am going to a place full of sunshine, sparkling water, lovely flowers, and the most friendly natives in the world at Madison County High School Gymnasium." "The name of this place?" "Paradise, of course." "Paradise" was the theme for the first MCHS Junior-Senior Prom. Musical entertainment was provided by Dr. Pitt and Danny Harmon for everyone's enjoyment. Refreshments of cake, melon balls, sandwiches, and nuts were served by the natives. At twelve, the music ceased, the flowers disappeared, the waters stopped flowing, the natives slipped away, and the doors to "Paradise" closed.

The Closing of the Year Brought...

Our first year had come and gone, and banquet times were here once again. The first banquet held at MCHS was the Football Banquet. The FFA Banquet was held on May 7. On May 19 the FHA Banquet was held. The All Sports Banquet was held on May 28. The Band Banquet was on June 2, and the Academic Banquet on June 4.

The six banquets, all consisting of good food, entertainment, and guest speakers, were held in the MCHS cafeteria. The guest speakers gave informative views on the issues of today and also good advice for future tomorrows.

The banquets symbolized the many goals set and achieved by students for the year.

The Baccalaureate Service was held in the MCHS gymnasium Sunday night, June 7, 1981. The invocation was given by Jim Stewart, FCA member, and was followed by Gina Braswell singing "We'll Walk With God." After this special, the audience sang "How Great Thou Art."

Mr. Ray introduced the speaker who was one of MCHS's graduates this year, John Page.

The benediction was delivered by a 1981 graduate of MCHS, Michael Money, CSU member.

The 1981 senior class of MCHS completed their high school years Monday night, June 8, 1981. Commencement exercises were held in the gymnasium with a reception following in the cafeteria.

Graduation this year was held by the students themselves. "The Times of Your Life" was sung by Karen A. Williams and "The Way We Were" by Clarence Demps. Accompaniment was provided by Mr. Bob Cooper.

The welcome was given by David Richter, high honor graduate, and remarks by Chiquita Haynes and Kathryn Rowe, two high honor graduates. Gina Braswell, Valedictorian, gave the address and this was followed by Mr. Randall Buchanan presenting the diplomas. Tracy Revels, Salutatorian, gave the farewell address, and it was a night of tears and happy memories.

The seniors marched out to "Pomp and Circumstance" leaving behind an old era and beginning a new one.

Lanta Evans

As sports editor of the 1980-81 Macohi, I sincerely hope that this yearbook, the first Macohi, will always be with you, along with all the precious memories of the first year here at MCHS; I hope that this yearbook will be enjoyable to you, because only if it is, will our work not have been in vain.

Lanta Evans — Sports

Together we stand, divided we fall. Yes, this year has really been an experience for all of us at MCHS. To me it's known as the "coming together" year. Coming from different areas within the county, we joined together to create a magnificent body. However, this body became as one. We all had to be willing to go out and move beyond our own arm's length. We had to improve ourselves, our world, and the people we touched. Thanks to the help that was given by many, the love that we shared and the trust that was given to us at MCHS, we the classes of '81, '82, '83, and '84 were able to do these things as we've done everything else, with a "touch of class," because we are one!

**Marilynn Smith —
Student Life**

Montollis Epps, Cheri Williams, Shawn Jordan, and Nita Ratliff

I hope that this yearbook will help you to be able to recapture your memories in the years to come. Being our first year in this new school, and my last year in high school, I have put my heart and soul to make this book as special to you as it is to me.

**Gina Braswell —
Classes**

The future holds success as well as failure, but you must make plans for a brighter tomorrow in hopes of joy, instead of sorrow. I'll never forget the imperial faculty for helping make this yearbook a success. To the superior student body, may God bless you always, and as you go through life, things won't always be easy, but strive to reach your goals because there will be a time, there will be a place, and there will be a way . . . Someday.

**Teresa Harville —
Editor**

Terrie Herndon and Gina Braswell
178 / Student Life

Marilynn Smith

Determination is one of the most important qualities a successful person can ever possess. Without it we would never finish that term paper, win that big race, or overcome that handicap. Determination is gained by constantly keeping your goals firmly in mind, by establishing plans to achieve those goals, and adhering to them, by saying not "I won't", but instead "I will." My hope is that each of you will find the determination not only to reach the goal of graduation, but of lasting success in life.

Shawn Jordon — Curriculum

Teresa Harville

Renae Penny and Diane Bearden

As this year comes to a close and as my graduation nears, I know I'll never forget all of the friendships and experiences that I have gained throughout my years of high school. To the underclassmen, I leave this challenge — get involved. There is no limit to what MCHS can do for you — if you'll let it. Regardless of what you choose to do in high school and in life, fulfill that place to your utmost capability. Remember, what could be more important than to know in our hearts that in everything we have set out to do, we have done our very best, and congratulations — Tomorrow is waiting . . . for you!

**Renae Penny —
Organizations**

As business manager of the Macohi yearbook staff, I have grown in many ways. I've learned that one must be malleable, but never crushed, ductile, but never drawn into anything base or dishonorable, and glowing with enthusiasm, but unaltered by the heat of conflict. So to the next editor, business manager, and staff members I hope your years on the staff will be as great as mine.

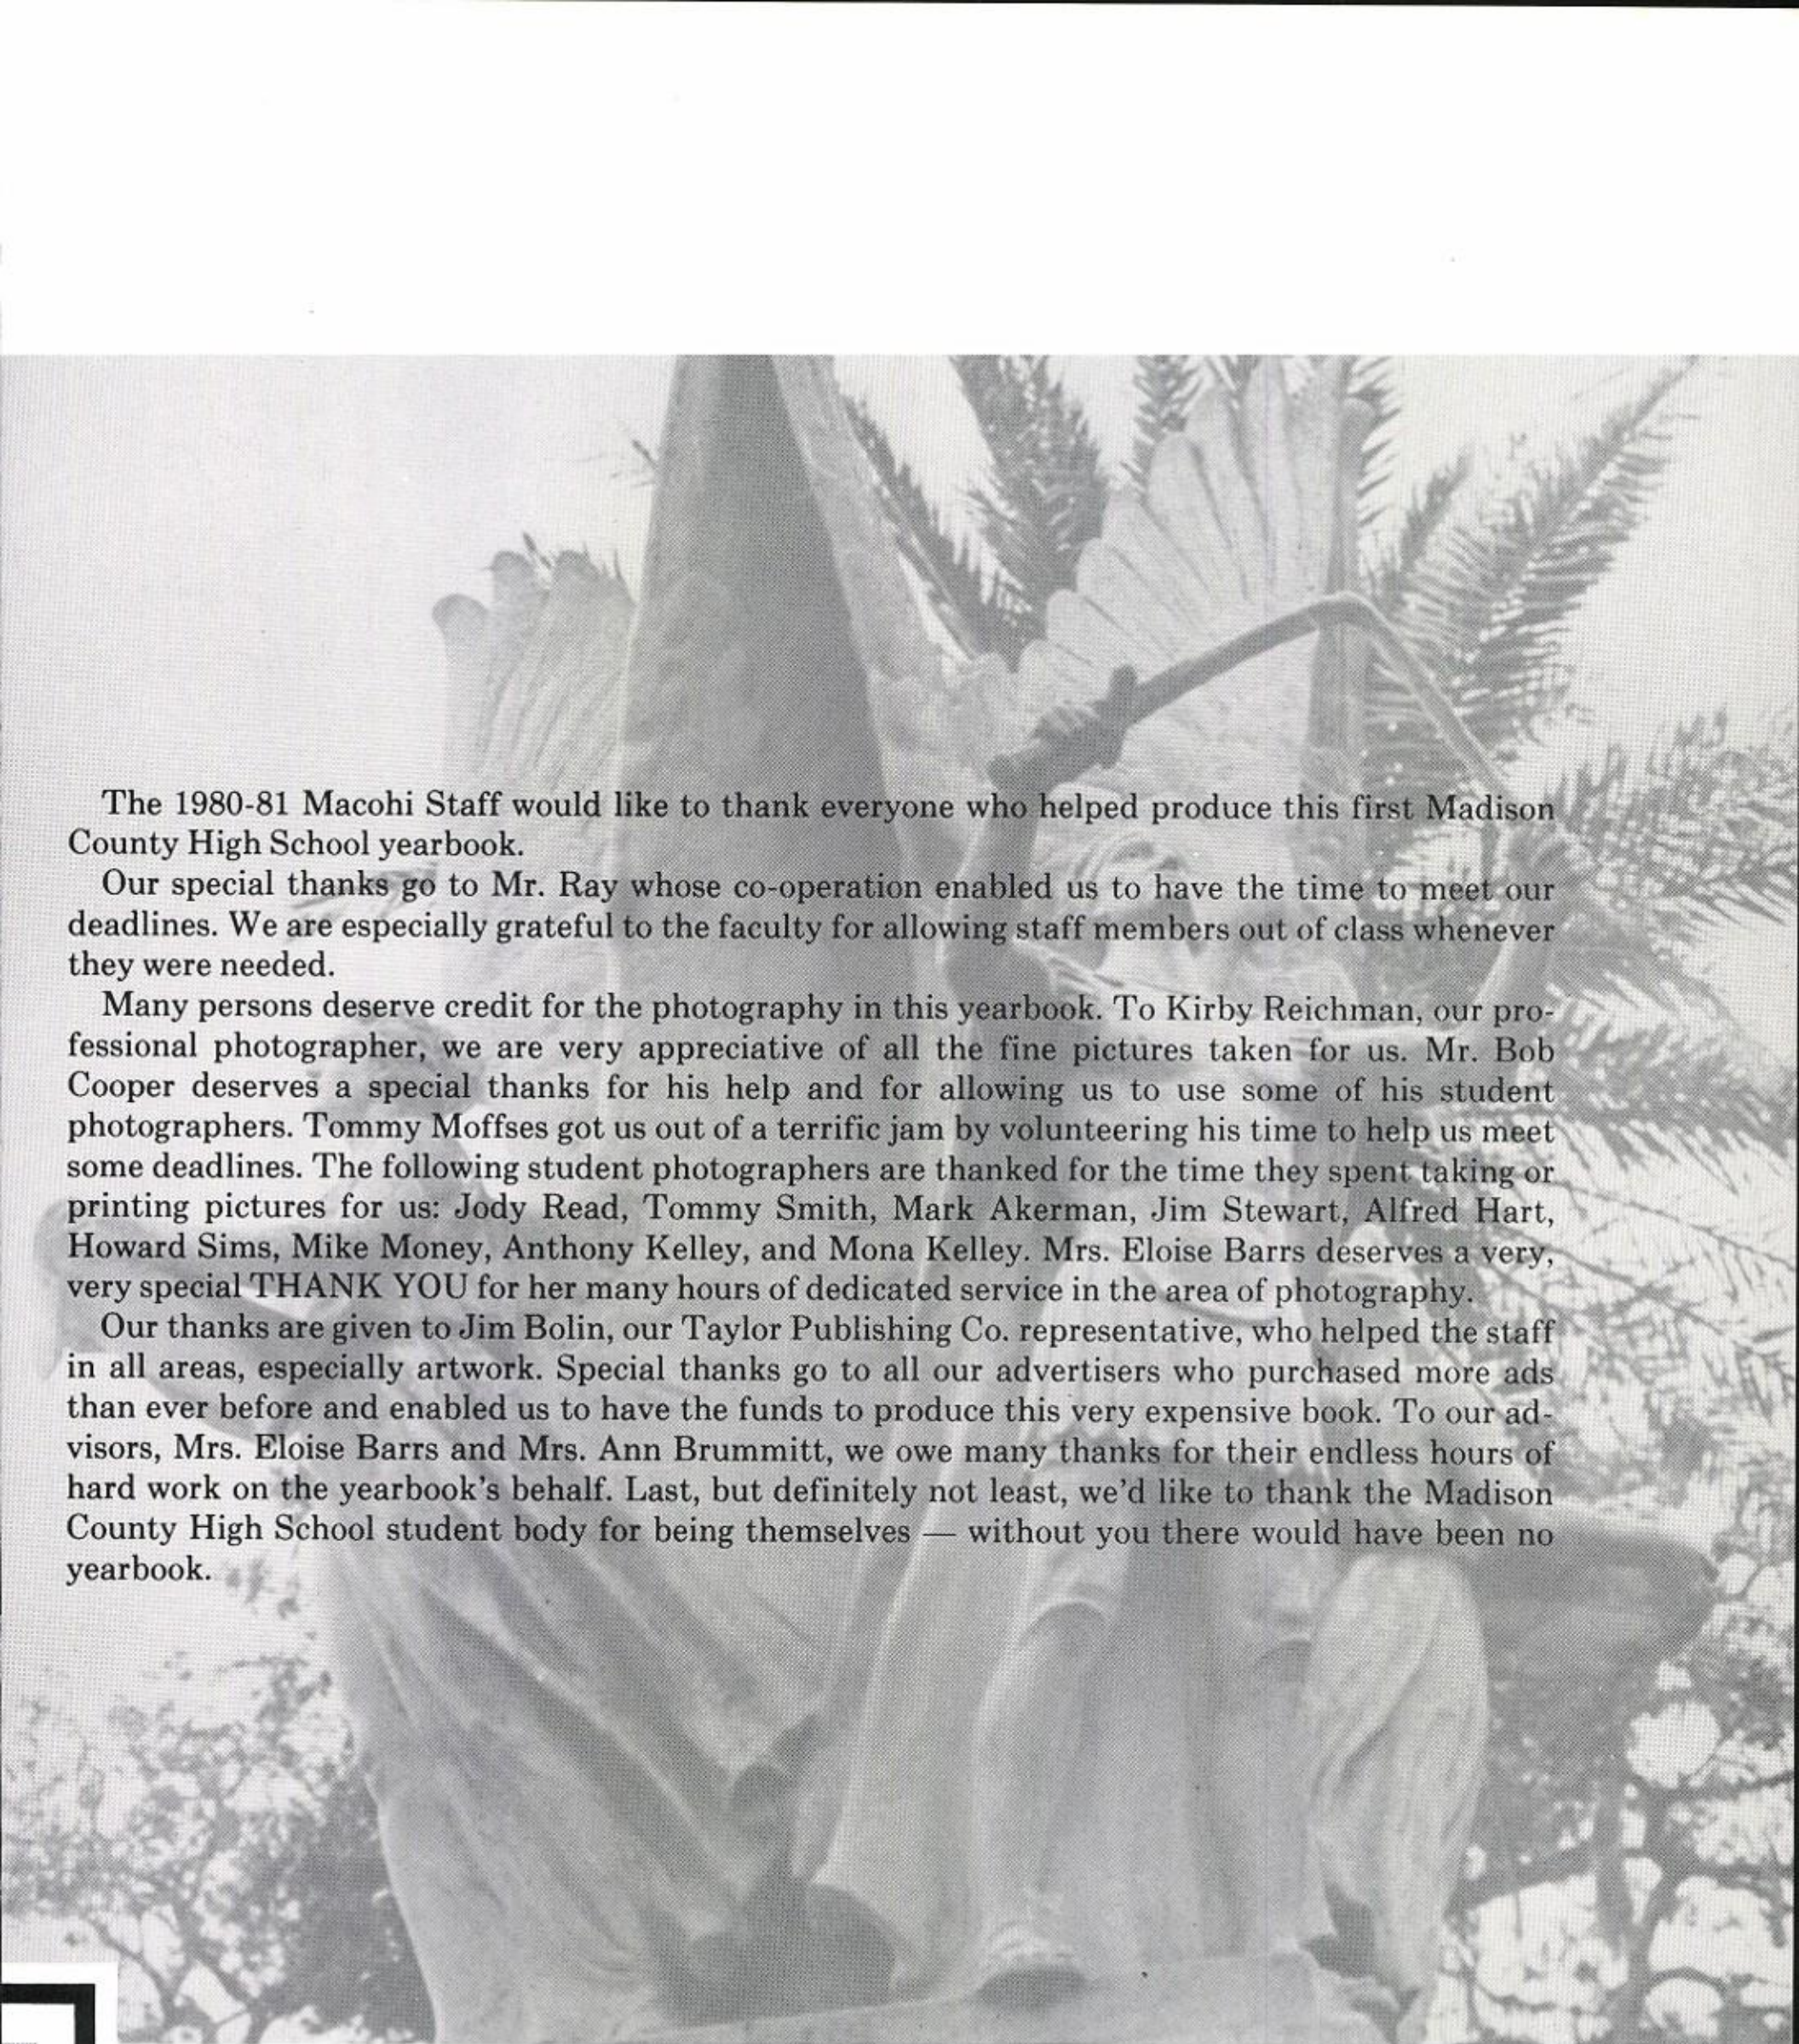

**Vicky Donaldson —
Business Manager**

Vicky Donaldson and Nita Hawkins

WE ARE

The 1980-81 Macohi Staff would like to thank everyone who helped produce this first Madison County High School yearbook.

Our special thanks go to Mr. Ray whose co-operation enabled us to have the time to meet our deadlines. We are especially grateful to the faculty for allowing staff members out of class whenever they were needed.

Many persons deserve credit for the photography in this yearbook. To Kirby Reichman, our professional photographer, we are very appreciative of all the fine pictures taken for us. Mr. Bob Cooper deserves a special thanks for his help and for allowing us to use some of his student photographers. Tommy Moffses got us out of a terrific jam by volunteering his time to help us meet some deadlines. The following student photographers are thanked for the time they spent taking or printing pictures for us: Jody Read, Tommy Smith, Mark Akerman, Jim Stewart, Alfred Hart, Howard Sims, Mike Money, Anthony Kelley, and Mona Kelley. Mrs. Eloise Barrs deserves a very, very special THANK YOU for her many hours of dedicated service in the area of photography.

Our thanks are given to Jim Bolin, our Taylor Publishing Co. representative, who helped the staff in all areas, especially artwork. Special thanks go to all our advertisers who purchased more ads than ever before and enabled us to have the funds to produce this very expensive book. To our advisors, Mrs. Eloise Barrs and Mrs. Ann Brummitt, we owe many thanks for their endless hours of hard work on the yearbook's behalf. Last, but definitely not least, we'd like to thank the Madison County High School student body for being themselves — without you there would have been no yearbook.

HERE'S HOW TO FIND HAPPINESS THROUGHOUT YOUR YEARS

Happiness is something you create
in your mind,
Not something you search for but
can't find,
Not something that's purchased with
silver or gold,
Not something that force can capture
and hold —
It's just waking up and beginning
each day
By counting your blessings and
kneeling to pray,
It's giving up thoughts that breed
discontent
It's giving up wishing for things
you have not
And making the best of whatever
you've got.

Karen,
Keep your goals in
sight, your kindness and
thoughts for your
fellowman and happiness
will be yours.

Congratulations!
Mama, Daddy, Cheri, and
Steven stand firmly
behind you.

Becky,

Thanks for all the happy memories
In which you played a part
Moments that are nearest
And dearest to our heart . . .

Thanks for happy memories
Memories of days gone by
Things you used to say and do
When you were just "so high" . . .

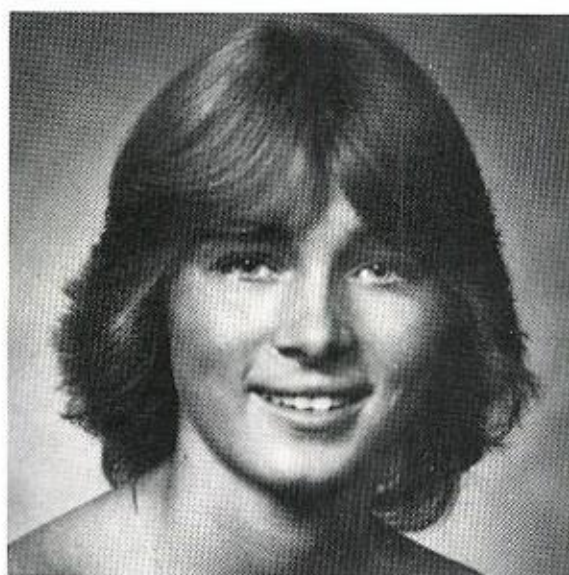

dancing and toys
cheering and boys
parties and dates
grades and studying 'til late

Thanks for all these memories
That are yours and ours alone
For they recall so many
Special moments we have known . . .

Thanks for all the memories
That time can never dim
For we can never repay you
For the joy we find in them.

We love you,

Mom and Dad

DAVID LEE PINKARD

Shortly before his death, as David and his family were discussing the meaning of life both in this world and in eternity, David asked his cousin, "Are your bags packed?" He meant, of course, if you should move through death to eternal life, would she be ready to make the journey. He followed the question with the statement, "My bags are packed." He did not mean that he was seeking death, for David loved life. This could be seen in his lively sense of humor, his caring, and in his outgoing personality.

David was a son, a brother, a cousin, a student, a friend, a sweetheart, a Christian, and many other things. In each of these roles he left messages to all those he loved, but perhaps the greatest message to us is that life is measured in deeds, not years; in thoughts, not breaths; in feelings, not figures on the dial. Life is short whether it ends at age 15 or at age 95. Life, like every other blessing, derives its worth from its use alone, so let us love life and feel the value of it, that we may fill it in Christ.

Thank you, David, for your life.
